LINZ kabine za tuširanje i tuš vrata odlikuje crni mat aluminijski profil s crnim ručkama te profil visokog sjaja u završnoj obradi krom brillianto s kromiranim sjajnim ručkama i kaljenim staklom (6 mm). Kompenzacija zidnog profila iznosi 20 mm, a visina ugodnih 199 cm. Kabine za tuširanje izrađene su u kvadratnim ili pravokutnim oblicima. Spoj profila pod kutom od 45 stupnjeva omogućuje elegantne i kontinuirane vanjske linije kade za tuširanje. Široka ponuda dimenzija tuš kabina (od 68 do 140 cm) i tuš vrata (od 98 do 201 cm) omogućuju projektiranje i prilagodbu zoni za tuširanje.

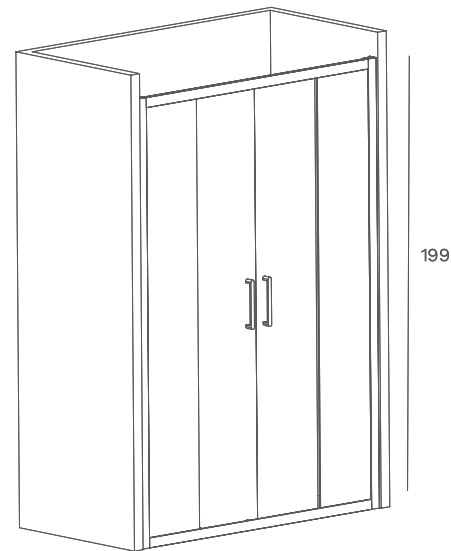

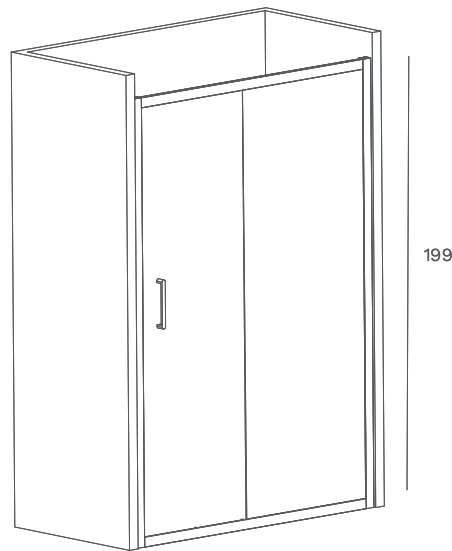

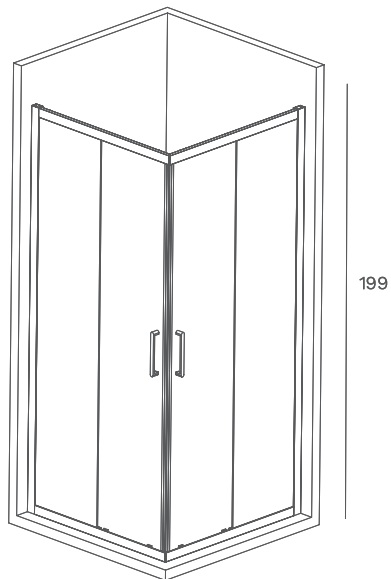

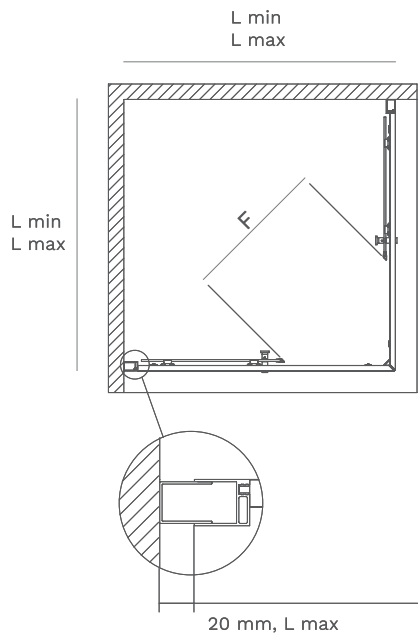

LINZ shower enclosures and shower doors feature an aluminium profile in black matte with black handles or high-gloss aluminum profile in the finish chrome brillianto with chrome glossy handles and tempered glass (6 mm). The wall profile adjustment is 20 mm, and it's height is comfortable 199 cm. The shower enclosure is available in square and rectangular shapes. The profile connections of the shower meet at an angle of 45 degrees, creating an elegant and continuous outline. A broad scope of sizes in the LINZ shower cabin (ranging from 68 to 140 cm width) and shower screens (from 98 to 201 cm width) enables a design that can adapt to any shower area. This shower line is custom-made for a perfect fit.
